Mise En POP - Landing Page Brand Guidelines

Business Entity Branding for Jenry App

Document Version: 1.0
Last Updated: January 2025
Business Entity: Mise En POP (Parent Company)
Product: Jenry (Hospitality Worker App)

Executive Summary

This document establishes the branding guidelines for the Mise En POP landing page, which serves as the business entity and parent brand for the Jenry hospitality worker application. The landing page must communicate professional credibility, innovation, and the mission of empowering hospitality workers while maintaining distinct but complementary branding to the Jenry product.

---

1. Brand Positioning

Company Overview

Mise En POP is a hospitality technology company dedicated to transforming how the industry connects workers, employers, and customers. We believe in putting "People Over Places" - empowering hospitality professionals to take control of their careers, earnings, and professional development.

Business Structure

- **Parent Brand:** Mise En POP (the company)
- **Product Brand:** Jenry (the app/platform)
- **Relationship:** Mise En POP owns and operates Jenry

Brand Promise

"We're revolutionizing hospitality by putting people first - creating a platform where workers thrive, employers find exceptional talent, and customers connect with the humans behind great service."

6. Visual Elements

Photography Style

Tone: Authentic, diverse, energetic, professional

Subject Matter:

- Real hospitality workers in action (not stock photos when possible)
- Diverse representation (age, ethnicity, gender, roles)
- Modern restaurant/bar environments
- Mobile app usage in natural settings
- Team collaboration and connection

Technical Specs:

- High resolution (300 DPI for print, 2x for web)
- Natural lighting preferred
- Warm color temperature
- Candid moments over posed shots

Avoid:

- Generic stock photography
- Overly staged scenarios
- Poor lighting or amateur quality
- Stereotypical service worker imagery

Iconography

Style: Line icons, minimalist, 2px stroke weight
Colors: Navy primary, orange for active/hover states
Size: 48px × 48px standard, scale proportionally

Icon Categories:

- Workers: briefcase, calendar, award, trending-up

7. Voice & Messaging

Brand Voice

Tone Attributes:

- **Professional:** Credible, knowledgeable, business-savvy
- **Empathetic:** Understanding worker challenges, supportive
- **Innovative:** Forward-thinking, tech-enabled, modern
- **Empowering:** Action-oriented, enabling, confidence-building
- **Authentic:** Honest, transparent, human

Messaging Framework

Value Proposition (15 words or less)

"Empowering hospitality professionals with technology to control their careers, earnings, and growth."

Elevator Pitch (50 words)

"Mise En POP is revolutionizing the hospitality industry through Jenry, our platform that connects workers, employers, and customers. We believe in putting people over places - giving hospitality professionals the tools to manage their careers, maximize earnings, and build meaningful connections in the industry they love."

Key Messages

For Workers:

- "Your career, your terms, your success"

- "Find jobs that fit your schedule and skills"
- "Earn recognition, build your reputation, grow your earnings"

For Employers:

- "Find exceptional talent, faster"
- "Build reliable teams with verified professionals"
- "Manage shifts, payroll, and performance in one place"

For Customers:

- "Connect with the people behind great service"
- "Support your favorite hospitality professionals"
- "Discover experiences through people, not just places"

For Investors:

- "Disrupting a $680B industry"
- "Technology-enabled marketplace with network effects"
- "People Over Places: The future of hospitality work"

Writing Guidelines

Do:

- Use active voice ("We empower workers")
- Be specific with benefits ("Increase earnings by 30%")
- Tell human stories
- Use "you" and "your" to address readers
- Break up text with subheadings and bullets

Don't:

- Use industry jargon without explanation
- Make promises you can't keep
- Speak down to any user group
- Use passive voice excessively

- Create walls of text without visual breaks
